

Raw Attack

Midnight

Break the spell, pounds to sell
Insatiable need for the stench
Soaked in heat, feel it deep
The jaws of death start to clench

Tearing
Ripping
Gnawing on your skin
When you need a piece of danger in your face
Find a hole where there's no leather or lace

The feel of life
Heart so black
Under your knife
Never turn your back
Raw attack!

Unclean desire
Raw attack!
No need for the fire

Under siege, now in league
With Lucifer's carnal delights
Foulness flows, overload
The mercury's rising tonight

Tearing
Ripping
Gnawing on your skin
Sacrificial slaughter lying on the ground
Bathe in blood and fecal matter will you drown

The feel of life
Heart so black
Under your knife
To the beyond and back
Raw attack!

Raw attack!
Unclean desire
Raw attack!
No need for the fire

The feel of life
Heart so black
Under your knife
Raw attack!

Never turn your back
Raw attack!
