

## Rip This Hell

Midnight

Screaming like a storm  
And the wings of angels have been torn  
We're gonna make the demons rise  
We're gonna hear their tortured cries

So we might just take your life  
No regrets start to slice  
Rip this hell

Falling into darkness  
Show the sign of the evil  
To unlock this  
We're gonna call unto this spell  
Unholy funeral... rites
