

## Snake Obsession

Midnight

Summoned by the serpent the forked tongue kiss  
The venom shoots out hear your hiss  
Intoxicating stare deep in a trance  
Then slither slow into my hands  
Snake obsession my possession/confession  
Beats the coldblooded heart fangs piercing the flesh  
Injection lethal and poisonous  
Seduced by the scales the skin it does shed  
Now coiled and strikes blood runs red  
The volcanic viper reptilian desire  
Queen cobra dance through white hot fire
