

# Telepathic Nightmare

Midnight

Brains are slaughtered in this hell they have no use  
Burned on site bestial beast on the loose  
Floating wombs I taste  
Omens lewd deranged  
Telepathic nightmare delivered at dark  
Telepathic nightbare the beast left its mark  
Succubus rise satanic incantation chants  
Demonic dimensions begin the ritual dance  
Open fumes unchained  
Omens lews deranged  
Forever possessed bynightmares  
Brains are slaughtered connected by more than flesh  
Ready to shoot de-seeding in your egg nest
