

Vomit Queens

Midnight

Spells are cast, the flames burn high
The mistress is out for blood
The angels bleed, release my seed
The bile soon will flood

Smell the stench of evil tonight
The vomit queens is ready to strike
Give it to me - Vomit Queen
It's bursting out - Vomit Queen
Give it to me - Vomit Queen
Aaarrrrggghhh! - Vomit Queen

All hell's let loose, the puke it flows
There's no turning back now
Taste the vomit from Baphomet
To no one I shall bow
