

Warning from the Reaper

Midnight

Master of your own destiny
Seal your own fate
Merciless poisonous filth
Oh, it's too late

Riding high on the black winds
Of mayhem
Choking on your own vomit
Bile, blood and phlegm

Brandishing a scythe
Non-existent eyes
Tales he shall tell
Live on Earth or die in Hell

Warning

Warning
From the Reaper

Chasing demons and cursing gods
Inject the beast
Desecration of mortal flesh
The soul's released

Mightier than swords of steel
The needle of death
Crawl into your waiting tomb
Sucking your last breath

Brandishing a scythe
Non-existent eyes
Tales he shall tell
Live on Earth or die in Hell

Warning

From the Reaper

Your creators drowning in tears
Of blackened blood
Lurking as you're lowered down
Rotting slow in mud

Brandishing a scythe
Non-existent eyes
Tales he shall tell
Live on Earth or die in Hell
