

A Reminder

Midnite

"A Reminder" by Vaughn Andre Benjamin (BMI)
Almighty JAH, Rastafari... Rastafari
When it is revealed, let us be discreet
Compassion for the weak, the backbone of any society
Is still morality
They discredited any concept of deity
And still require stability
So what are the foundations of your laws
Upon which you base your decrees?
The whole hierarchy
Of mute beasts have prohibitions and their thou shall not, see it

Isat a mabrak you no see say man have tabot
Zechariah 12 is how me see the outcome come out
No matter what how dem indulge in so much math
The highest righteous ORDER right now ah go win it out flat
Most true to principle humanity watch
An ensign the shout out and an outcry ah cry out

That it's a reminder
It's a reminder, it's a reminder, it's a reminder
Universal morality is what is at stake, it's a reminder
His Majesty talk out for humanity's sake
And it's a reminder, it's a reminder, it's a reminder

In Eridu and Accad have it

The lion motif is of God
Meru through the Red Sea tabot
Yeah now with the Ark of the Covenant stand up
Morph speed through civilizations have dust
From Petra to Lalibela is a must
As South India CONNECTED the dots
As the names tell the story of us
JAH know the Acra was in Jerusalem, Josephus
12 stands in the DNA-egus

Reminder, it's a Reminder, it's a Reminder
It's a Reminder, it's a Reminder, it's a Reminder

Isat a mabrak you no see say man have tabot
Zechariah 12 is how me see the outcome come out
No matter what how dem indulge in so much math
The highest righteous order right now ah go win it out flat
Most true to principle humanity watch
An ensign the shout out and an outcry ah cry out

It's a reminder , it's a reminder , it's a reminder , it's a reminder
Universal morality is what is at stake, His Majesty talk up for humanity's sake
And it's a reminder, it's a reminder, it's a reminder, it's a reminder
