Backyard farmer selling produce front road  
Ganja thieffy draw out the rigors of coal  
The bush tabernacle, the mountain ah smoke

A meditation of Rastafari in a goal

Righteousness span the earth four course  
Come from the four winds and lighten the house  
Some of them a claim that them feel Holy Ghost  
Well the Holy Spirit fi enter into the house  
The vibe open up the building and shake the door close  
A holy parable a to get the full disclose

And a spark pass between a smoldering cloud  
Savior shall come up and Mt. Zion surround  
In a Jerusalem feel a bun bring down tension  
Ethiopia Mt Simeon which is up higher ground  
Up there the viper must be mountain a strong  
Whole time ...same time ganja man  
Upon a mountain cross another ocean, Jah know
