

Kaaba Stone

Midnite

They don't know love yeah, you see
can't feel love yeah, you see
don't know love yeah, you see
can't feel love yeah

But I am the kaaba stone
I am the original cornerstone
The kaaba stone
I am the original cornerstone
The kaaba stone
I am the original cornerstone
The kaaba stone
I am the original corner

Don't know love yeah, you see
can't feel love yeah
Even if you show love yeah
They can't feel love yeah

They have been always sweet and convincing in the beginning
The two faces of evil and oppression
The true face of negatives and suppression
They have been always sweet and convincing in the beginning
The true faces of evil and oppression
The two faces of evil and oppression

But I am the kaaba stone
I am the original cornerstone
The kaaba stone
I am the original cornerstone

Polarity the paradox is in the ugliness of vanity
Polarity the paradox is in the ugliness of vanity
Destroying the blueprint so no one can see
Who is the original and who is the copy
Destroying the blueprint so no one can see
Who is the original

They can't feel love yeah, you see
Even if you show love yeah
They can't feel love yeah, you see
They don't know love yeah
They can't feel love yeah
Even if you show love yeah

Instead of Jah at the head
Mankind at the head
Manipulating to stay ahead
Instead of Jah at the head
Mankind at the head
Manipulating to stay ahead

Can't feel love yeah, you see
Even if you show love yeah
Them don't know love yeah
Even if you show love yeah

Why don't they ever write
The right letters on their pages
Why won't they ever put
The right letters on their pages

They are the destroying the blueprint
So no one can see
Who is the original and who is the copy
Destroying the blueprint so no one can see
Who is the original

Whole heap a vanity, vanity, vanity
Intellectual vanity, vanity, vanity
Existentialism and vanity
narcissism and vanity
transcendentalism and vanity

And they can't feel love yeah
Can't know love yeah
Even if you show love yeah

They have been always sweet and convincing in the beginning
The two faces of evil and oppression
The true face of evil and oppression

But I am the kaaba stone
I am the original cornerstone
The kaaba stone
I am the original cornerstone
I am the kaaba stone
I am the original cornerstone
I am the original corner yeah
Original corner
I am the original cornerstone
Original corner

They can't feel love yeah
Even if you show love yeah
They don't know love yeah
Even if you show love yeah

I am the kaaba, kaaba, kaaba, kaaba, kaaba,
Might of the trinity Haile, Haile
Jah almighty Haile, Haile
Power and authority Haile, Haile
Supreme in supremacy Haile, Haile
Power of Jah Haile, Haile
The head of creator Haile, Haile
Supreme in supremacy Haile, Haile
Power and authority

They can't feel love yeah
Even when Jah show them love
They don't know love
They can't feel love yeah
I am the kaaba stone
