

## New Life

Midnite

Look what jah jah gave me  
New life, a brand new little baby  
Look what jah jah gave me  
New life, a brand new little baby

In my life, there is now so much more  
New meaning, in this bundle of joy  
This precious gift you've given me  
I'll hold close to my heart  
Now my life is so fulfilling

Look what jah jah gave me  
New life, a brand new little baby  
Look what jah jah gave me  
New life, a brand new little baby

Such a great experience to see  
The birth of a new born baby  
This miracle of life I know  
Has been placed in our hands  
Destiny were fulfilling

Look what jah jah gave me  
New life, a brand new little baby  
Look what jah jah gave me  
New life, a brand new little baby

Now in your life I'll always be there  
To love angel's blessings we will share  
Through ups and downs and in between  
I hold fast to your hands  
Cause my life is so fulfilling

Look what jah jah gave me  
New life, a brand new little baby  
Look what jah jah gave me  
New life, a brand new little baby  
Look what jah jah gave me  
New life, a brand new little baby  
Look what jah jah gave me  
New life, a brand new little baby
