

## important?

midwxst

She said that I'm not hurtin', and I'm not important  
You said I'm a burden, but where was your warnin'?  
It wasn't on your packaging, yeah, when I ordered  
Someone that I can show love to without hurtin'

And, no, you don't have to reply to me yet  
But just know you're on my mind and I wish I could forget  
All of the wasted time that we burned like some cigarettes  
Then you swore you were mine, but then you moved onto the next  
And then you said

That I'm not hurtin', and I'm not important  
You said I'm a burden, but where was your warnin'?  
It wasn't on your packaging, yeah, when I ordered  
Someone that I can show love to without hurtin'

(Yeah, yeah)  
I swear this is the last time (Come on)  
I'll leave you in the past with just one try (Try)  
Don't try to call me actin' like we're fine (Nuh-uh)  
I lead you on, yeah, for nothing

Never mind, never mind, never mind  
It kills you for you to see that I'm fine  
Never mind, never mind, never mind  
(I'm hurt bad, it's crushing)

Woah-oh (That I'm not hurtin', and I'm not important)  
Woah-oh (You said I'm a burden, but where was your warnin'?)  
Woah-oh (It wasn't on your packaging, yeah, when I ordered)  
Woah-oh (Someone that I can show love to without hurtin')

Then you said that I'm not hurtin', and I'm not important
