(Yeah, what the fuck goin' on, Maajins?)

I can't get distracted  
My shooter name redacted  
Shit, I bet that bitch a catfish  
Smokin' gas a habit  
See somethin' I like, and then I grab it  
Bitch, you know I'm comin' crazy on this shit, I'm wreckin' havoc  
Yeah, yeah, yeah

I've been out my mind, geeked out of my body, I can't feel  
Got a problem? Then come and let me know, we keep that steel  
I don't sip no drank, but my brothers cracked him like a seal  
Niggas catchin' egos when they ass ain't even signed no deals  
I've been out my mind, geeked out of my body, I can't feel  
Got a problem? Then come and let me know, we keep that steel  
I don't sip no drank, but my brothers cracked him like a seal  
Niggas catchin' egos when they ass ain't even signed no deals

I mean what I say, my bros totin' choppas and them Ks  
We gon' let it spray if you say that shit up to my face  
You gon' die today if you even try to get in my way  
I just mind my own, you can't do this shit like me, my ways  
Got some cutters on a payroll  
Worried 'bout that bankroll  
They do what I say so  
Hit him with them tracers  
Ballin' like a Pacer  
Speedin' like a racer  
Shocked him like a taser  
See my name in FADER

I'm too rich to worry 'bout that broke shit  
All my brothers walk with me, you know we stickin' close, bitch  
And I don't fuck with triflin' hoes, 'cause they just do the most, bi  
tch  
Put him in my pack and we gon' smoke him, we gon' ghost shit  
Know we been on go, go, go  
Been stagin', crackin' codes, codes, codes  
On tour, I hit the road-oad-oad  
I don't wanna want that ho, ho, ho

I've been out my mind, geeked out of my body, I can't feel  
Got a problem? Then come and let me know, we keep that steel  
I don't sip no drank, but my brothers cracked him like a seal  
Niggas catchin' egos when they ass ain't even signed no deals
