

Ruthless

midwxst

(Ayy, CGM, where you at?)
(Roy, baby)

I know your girl love my music
She said all of my songs are amusing
Fuck a gun, no, I don't need to use it
Goin' crazy, I been goin' stupid
Get on beats and I kill it, I'm ruthless
Leave 'em on the ground, we left 'em toothless
Showin' guns off on Instagram live
But we all know that you will not use it

I'm takin' my opps like I'm rolling some dice
Tired of acting like I'm always nice
I'm tired of all the fakes in my life
I'm goin' up, baby, know that shit is right
I don't need to cap, no, I don't need to lie
Got me disappointed, I let out a sigh
Like this shit a game, you been switchin' up sides
Nobody do it like me, there is no tie, no
Applying the pressure, I'm steppin' on necks
Think everybody knows that I'm up next
If you come to me, come with some respect
Get you in line and then get you in check
Been goin' hard, I've been tryin' my best
Hoodie on me with a tactical vest
I won't let the fame get up to my head
Don't need to lead, I'm already ahead
You don't wanna try me, no, you don't even wanna go to war
I've been gettin' green, I feel like I'm a fuckin' herbivore
I've been gettin' money but I'm tryna get some fuckin' more
I don't need your help, no, I never needed your support
Walkin' out of Saks, finna walk out with a big bag
I don't give a damn 'bout what you say and what you chit chat
Hit it from the back, break her back like a Kit-Kat
She was lookin' nice, know I had to go get that, yeah
Talk shit, snap back like a hat up on your hair
Know you down bad when you're getting mad over a check
If you're talking to me, better talk to me with some respect
If you wanna talk too, you better say it with your chest
Chillin' with the gang, know I'm chillin' with the squad
Want some new songs, yeah, they tellin' me to drop
Only run your mouth, only thing you do is talk
Made it too far, there's no way that I can stop
Feel like I'm Franchise rockin' a white tee
Don't want your thot 'cause I got a wifey
Don't want your bitch even though that she like me, yeah
I can tell that you mad 'cause I see that you typin'
Said you gon' pull up but you is not fightin'
Attackin' the beat but I'm not talkin' Titan, yeah
Katana on me, bitch, I feel like I'm Akame
I'm goin' crazy, nobody is stoppin' me
Got superpowers like this shit an anime
Feel like I'm Goku, boy, give me your energy
I'm at the top, there's nobody ahead of me
I do not care 'bout this shit that you tellin' me
That cannot be your girl, you can do better, man

Stone Island on me, it's all in the sweater, man
Kick shit like my name Liu Kang
All black on me like my name Bruce Wayne
Minding my own, stayin' in my lane
Never gon' switch, no, I'm never gon' change
Vivienne on me, it's all on the chain
Got earrings to match 'cause the brand is the same
My pride on my shoulders, I don't got no shame
Remember the times when they say I was lame

I know your girl love my music
She said all of my songs are amusing
Fuck a gun, no, I don't need to use it
Goin' crazy, I been goin' stupid
Get on beats and I kill it, I'm ruthless
Leave 'em on the ground, we left 'em toothless
