

# Shame

midwxst

You run away from your problems  
You always wanna start 'em, never solve 'em  
And we both know that you're the one to blame  
But you can't put aside your shame  
So don't think that I care for you  
'Cause that's just something that's not true  
So don't try to walk back in my life  
I don't even wanna try

I never cared, no, I never gave a shit  
You know you're in the wrong, but you don't wanna admit  
And don't think I miss you, I never fucking miss  
All the shit that you did to me, I'll never forgive  
You're saying that I'm toxic, but bitch, that's you  
Don't know why you think we friends, nah, we not cool  
Run away from the past, know you're dodging your truth  
But when the time comes, know it's catching up to you

No feeling in my heart, at this point, I'm numb  
Always played me for a fool, I felt so dumb  
Trigger-happy, got my finger on the gun  
Uh, reminisce when life was fun  
And don't you try to stop me, it's too late  
My mind's been stuck in this dark place  
And you're the motherfucking reason  
Tryna fight all my thoughts, committing treason

I never cared, no, I never gave a shit  
You know you're in the wrong, but you don't wanna admit  
And don't think I miss you, I never fucking miss  
All the shit that you did to me, I'll never forgive  
You're saying that I'm toxic, but bitch, that's you  
Don't know why you think we friends now, we not cool  
Run away from the past, know you're dodging your truth  
But when the time comes, know it's catching up to you
