

# Tysm

midwxst

Da-da-da-da, da-da

I'm not really giving effort in this intro, to be honest  
But, I hope you guys are having a good day

Is it bad that death is always on my motherfucking mind?

I can't ever seem help anyone, I'm a waste of time

Don't know what fuck to say, just don't know what words to rhyme

I've been trapped inside this state every day, every night  
And they said I should change, but that's shit not fucking easy  
And I'm looking at this gun and the trigger say "squeeze me"  
I don't really give a fuck, fuck your fun, it will not please me

Light my arm on fucking fire just so I can fucking tease me

All black on my outfit, I do not fuck with color

And I'm always acting happy, please don't blow my fucking cover  
Fuck all emotional connection, I don't want a lover

Wish that I could fucking fall off, I don't wanna be discovered  
Okay, maybe that last line was a lie

I kinda wanna blow up, but not at the same time

I kinda wanna still wanna blow my brains out, fucking die

People say that I'm soft because I always seem to cry

I don't really give a fuck at this point, nigga, fuck you

Talking shit behind my back, but you want me to trust you

Get the fuck away, I don't wanna fucking touch you

You are not my bro, so do not call me bro dude

I hide all these emotions with a smile on my face

Think I'd rather be a villain, not a hero, don't need a cape

If you walked inside my mind I think you'd be inside a maze

Got these dark thoughts in my head, and people ask if I'm okay

Blah, blah, blah, what the fuck are you saying?

I don't wanna see a therapist, I think I'll stick to praying

If my parents hearing this, hi, I love you, I'm just saying

There's a lot of shit going on in my head I'm just fucking surviving

Jump down a hill, I will roll, I will fall

I don't know why people like me, I don't have no skill at all

I shouldn't even be this big, I should just be fucking small

I don't really give a fuck though, I'm just thankful for you all

If I didn't have songs I don't know where I would be

If I didn't have my friends I wouldn't be inside the scene

If I didn't have Antares I'd sound really shitty

Thank you all for the support, thank you all for helping me
