

## Cold Unknown

Mighty Oaks

Eyes are open  
Cold unknown  
The darkness that spread fill the room  
The pain is made, is way too cold?  
Inside you find it ripped and torn  
Heartbreak and lonely days  
Is how its been, its you and me

Times you have a choice to make  
Sometimes the right one is hard to take

Aaaaaaaaaah  
Never wanted to feel this way  
Aaaaaaaaaah  
Never wanted to know this pain

Doubt in mind it starts to grow  
You won't let the small things go  
No, you cast blame and play your games  
You wanna push me far away  
Good lord knows how I've tried  
To keep this dream of us alive

Time is droven into hard  
So be on your way, I'm no longer yours

Aaaaaaaaaah  
Never wanted to feel this way  
Aaaaaaaaaah  
Never wanted to know this pain

Aaaaaaaaaah  
Never wanted top feel this way  
Aaaaaaaaaah  
Never wanted to know this pain

Times you have a choice to make  
Sometimes the right one is hard to take
