Takin' more drugs than Medellin  
I lost my dawg to fentanyl, and I wasn't dissin' Lil Peep  
Pop Smoke, rest in peace, wish I could put him under my wing  
For my dawgs, give me a call, I'ma follow through

Just look at what this world done came to  
If we don't stick together then we all lose  
We can't explain it (Bo), the world rotatin' (Woah)  
We can't stay patient, please give us an explanation (Yeah)  
Before we go crazy, we need savin' (Savin')  
'Cause I think we all above rehabilitation (Woah)  
Get on your job (Job), you gotta get all your niggas involved  
'Cause breakin' the code like breakin' the law (Ayy)

They showin' you love, then please don't fall

Now I lay me down to sleep  
(Okay, now-now let me-let me go over)  
Pray the Lord my soul to keep  
If I die before I wake  
Just walk me through the night, and walk me through the Heaven gate  
Just walk me through the night, and walk me through the Heaven gate
