Had this dream that I woke up in a 'Rari  
Can't fuck with you niggas, I'm sorry  
I'm too fly, I spread my wings and I'm soaring  
Used to trap them birds, now I'm fly like a bird  
B-birds

Just hit my phone if you want a bird?  
My niggas out right now on the curb

We locked and now I can front you  
Young nigga that's my word  
Walk in the bando, look at all them birds  
Bando get low, re-up on the birds  
Got shooters on pronto

At the age of 17 I hit my first kick do'  
Just me and Willie Mac, Offset

The judge dropped the charge, and I thank lord  
That's why i take this mic and I go hard
