

## Finesser

Migos

Finesser, finesser  
Finesser, finesser  
This is my life, (my life, my life)  
This is my life  
Finesser, finesser  
Finesser, finesser  
This is my life  
This is my life (finesse, finesse, finesse)

Finessed a plug by the track  
I hop on a jet, I go to Quebec  
I went to the jeweller didn't know what I wanted  
And I told him as long as my diamonds are wet  
I am a blessing and you are a curse  
I only finesse the plug with words  
Place the order I ordered, the birds  
She put him in car then a young nigga skuurt  
10 bands in a suitcase no flexin'  
Young nigga in the hood, walk around sellin' necklace  
Ever since a young nigga ballin' like a Net  
And I got a extra plug, no Jeremy Lin  
Let the top back, let your hair blow in the wind  
Finesse the plug, I don't need a Benjamin  
Judge out of trial say he know I'm innocent  
Smokin' on gambling, look at that incense

Finesser, finesser  
Finesser, finesser  
This is my life, (my life, my life)  
This is my life  
Finesser, finesser  
Finesser, finesser  
This is my life  
This is my life (finesse, finesse, finesse)

I'mma finesse still, I gotta have a mill  
I was raised on the hill, like Jack and the Jill  
Do anything just to pay them bills  
My brother caught 15 waitin' for the pill  
When a nigga broke, he comin' at yo throat  
Tryna set a code but it really is soaked  
My lil' nigga Chi got smoked  
Hungry for the money, tryna get the dough  
My shit get real, nigga tried to kill  
All this bullshit for a dollar bill  
Hoes set you up, they don't give a fuck  
Tryna get yo bucks, watch who you fuck  
Plug's like a socket, gotta keep the rocket,  
Tryna get a profit  
Runnin' to the money like Sonic  
All my cars roll robotic  
No masterpiece but I'm probably gone

Finesser, finesser  
Finesser, finesser  
This is my life, (my life, my life)  
This is my life

Finesser, finesser  
Finesser, finesser  
This is my life  
This is my life (finesse, finesse, finesse)

Finessin and flexin' like wrestlers  
Indian plug in that castle  
Bald head Jack got cancer  
Turned yo main bitch to a dirty dancer  
I'm cookin' and wrappin' them chickens  
Finessin these niggas on tickets  
If I fuck with ya, I'mma give you a straight draw  
If it is longer then I gotta remix it (remix)  
Flipping them Patties like crab beaf  
My shoes importers are Ballys  
Finessin since I can remember  
My wrist so cold, December  
I'm selling T-bone that tender  
They still ridin' around me like bender  
Difference between me and you  
I'm real and you a pretender (you fake)

Finesser, finesser  
Finesser, finesser  
This is my life, (my life, my life)  
This is my life  
Finesser, finesser  
Finesser, finesser  
This is my life  
This is my life (finesse, finesse, finesse)
