

## Seen Alot

Migos

I done seen a lot of money with my eyes  
I done touched a lot of money with my hands  
I done seen a lot of money with my eyes  
I done touched a lot of money with my hands  
I've seen a lot [x3]  
I've seen it  
I did a lot [x3]  
I did it  
I've seen a lot [x3]  
I've seen it  
I did a lot [x3]  
I did it

I've seen a lot (I've seen a lot)  
I did a lot (I did it)  
Bitches in the kitchen cookin' broke the whole pot  
The block is hot  
I know you're not  
I got them blocks  
No Yung Joc  
Just look at my hands, I got them bands  
24 hoes stuffed in that caravan  
I'm drinkin' on lean, she poppin' a Xan  
Went to the jeweler, diamonds kick like Jackie Chan  
I've seen it  
Without no money ain't breathing  
Drop the top in the season  
Open up fire he bleedin'  
Young Rich Nigga point fingers  
Love to walk around with bangers (Kla!)  
Extendo with the scope on it, long ranger

I got green eyes, dollar signs in 'em  
I got mob ties, still a young nigga  
We some wise guys  
You a fuck nigga  
I'm really from the streets  
I know what's up with ya  
You ain't never seen a bail out  
You ain't touched a brick  
Had to stay down with my hustle now I'm filthy rich  
This that chicken talk dog, old Gucci shit  
Caught him with a hundred bricks  
You a fuckin' snitch  
He ask me what that multi is  
He never seen it  
This nigga just another lick I can feel it  
That cocaina flow, I done killed it  
You fake robbers want to trap, mind your business
