Quavo
Lot of fuck nigga's wanna take my life
Got my pocket in
And I'm rocking a lot of ice
You a rich nigga coming up shooting dice
Wanna call up the plug
He don't even say a price
She a bad bitch, but I make her cook dope
Got a Pot look so big it look like the super bowl
Too many woods on
Have to say eeny, meeny, moe
Hop out the verbal extension
Tear up the hood, your like Denice the Menace
Bitches keep blowing me kisses
I'm running her down like
She pulling up with the new Burking bag
I know she dropping off cash
I watching you plotting
I'm sending my nigga's to ambush your ass from the back

Keep a thing on me so you better thing twice
You look or blink wrong, that's your life, think about it
You a fuck nigga
You a pussy to the game
You ain't never seen a bullet
And if you did you ain't use it
You be acting like you moving
All my nigga's treating nigga's with the cooler
These real crazy, pussy nigga's been getting hard
What do the pussy nigga's think?
Nigga's want to smoke what I smoke
Want to drive what I drive
Want to be in my life
Nigga's mad... take flight
Main bitch on the first night
This rich nigga shit
Run up on a nigga
Trying to take a nigga chains like it was a fuck nigga

Thought I was a thot
Uncle Buck cut them off
Pussy nigga

Fuck nigga hating, they envy me
Keep the pistol, fought the felony
Snakes in the grass, they got jealousy
Keep my focus on the currency
The pistol I got come from overseas
You a fuck nigga, run up on it
Pussy ass nigga talking dirty
Hit them with the 30/30
Have them on life support in a coma
Put it on my momma
Ya'll nigga keep the lama
Put a thing on a nigga
Now a nigga acting humble
I ain't worried about nothing
Keep cares by the bundle
All money, This a concrete jungle
Going hard
That nigga really is a fraud
I'm a take a nigga card
I'm a take a nigga hard
You got a
Put it on my squad
If I happen to knock him hard
Then my nigga take the charge
