

Angel Of The Night

Miguel Bosé

Angel of the night
Angel of my feelings
Everything's all right
If you come down to see me

You're my angel of the night
Answer to my sorrow
Love you every time
Don't wanna lose tomorrow

You're my angel, angel, angel of the night
Will you try to set me free?
(Don't keep me waiting)
'Cause you're my angel, angel, angel of the night
Don't forget to get in me...
(Don't keep me waiting)

Angel of the night
Evil of my morning
When the Sun goes up
You're never here to hold me

You're my angel of the night
Answer to my sorrow
Love you every time
Don't wanna lose tomorrow

You're my angel, angel, angel of the night
Will you try to set me free?
(Don't keep me waiting)
'Cause you're my angel, angel, angel of the night
Don't forget to get in me...
(Don't keep me waiting)

You're my angel of the night
You're the reason of my life
Let me love you every day...
You're my angel of the night
You're my happiness tonight
Please don't ever go away...
