

## Paradise (Africa)

Miguel Bosé

Out to go thru your chosen door  
Standing on the steps to paradise  
Someone else is taking on your space  
Standing on the steps to paradise

Can't you see it's only you for me  
Standing on the steps to paradise  
All I see is how our love should be  
Standing on the steps to paradise  
Paradise, paradise, paradise...

All I'm wanting to say  
Is you are my paradise, paradise  
Dreaming day after day  
It would be a paradise, paradise  
Come back baby to me  
So we could taste paradise, paradise  
Take my hand and we'll be  
Forever in paradise, paradise

Come on back  
We've been our separate ways  
You know where we belong, it's paradise  
Without your love I'm helpless on my own  
Standing on the steps to paradise  
Paradise, paradise, paradise...

All I'm wanting to say  
Is you are my paradise, paradise  
Dreaming day after day  
It would be a paradise, paradise  
Come back baby to me  
So we could taste paradise, paradise  
Take my hand and we'll be  
Forever in paradise, paradise...

All I'm wanting to say  
Is you are my paradise, paradise  
Dreaming day after day  
It would be a paradise, paradise  
Come back baby to me  
So we could taste paradise, paradise  
Take my hand and we'll be  
Forever in paradise, paradise...
