

## Who?

Miguel Bosé

I think that  
In a very little while now  
You're gonna shut that door  
And walk away far from this hell  
Your rucksack downstairs  
I knock the rules of my game so  
Playing from now on alone  
You'll get your victory

Now you won't miss me now  
(Now you won't miss me now)  
Yes, I can pack my thing  
(Yes, I can pack my thing)  
And could you do me a favour?  
Shut up and let me go!

Who? Who?  
Who are you to get into my life and thoughts?  
Who? Who?  
Now who told you that my time belongs to you?  
Who? Who? Who?

Listen  
I've been doing my best and  
I've been spoiling myself  
But you seem to be blind to this  
Well, who knows...  
Now, I'm being strong  
And for the first time I'm being me

Now you won't miss me now  
(Now you won't miss me now)  
Yes, I can pack my thing  
(Yes, I can pack my thing)  
And could you do me a favour?  
Shut up and let me go!

Who? Who?  
Who are you to get into my life and thoughts?  
Who? Who?  
Now who told you that my time belongs to you?  
Who? Who? Who?
