

Perderme

Miguel

In it raw
Deeply, sincerely
I've gone too far
I couldn't help myself
Till I'm numb
And I forget myself
I become
I'm a healer

I wanna mate till we fade till forever
Copulate till we make it together

Tonight
I might use myself in you
I wanna rage through your body
Yeah, I might lose myself in you

Cherry glitch
Warm bliss
Your thoughts
Your lips
My grip on God's gift
Soufflé
Cherry pit
Tongue tied and tongue twist
Octane
Cherry glitch, ooh

I wanna mate till we fade till forever
Copulate till we make it together

Tonight
I might use myself in you
Quiero nadar a través por tu cuerpo
Yeah, I might lose myself in you

Yeah
Yeah
