

Beautiful Creature

MIIA

Don't tell me this is life
Running to an endless hideaway
You cut me open like a knife
And leave the lines inside of me

Like a monster I was hiding
But no longer 'cause you brought me to the light

Love the way your love keeps me up high
'Cause in your hands I become a believer, I...
Don't have to hide away my ugly side
'Cause I become such a beautiful creature in your eyes

I'm naked and alive
Courageous, I'm no longer prayin'
When you hold me in your sights
Blindfolded, I am unafraid

'Cause you stop my heart from burnin'
And you promise that together we'll survive

Love the way your love keeps me up high
'Cause in your hands I become a believer, I...
Don't have to hide away my ugly side
'Cause I become such a beautiful creature in your eyes

This is how it all begins and never ends
No disguise to cover up in self-defense
We belong and we collide
Where eternity is never wrong or right

Love the way your love keeps me up high
'Cause in your hands I become a believer, I...
Don't have to hide away my ugly side
'Cause I become such a beautiful creature in your eyes

Such a beautiful creature in your eyes
Such a beautiful creature in your eyes
