

Green Lights

MIIA

Turn around
Heading down memory lane right now
And that's not a place for us
It hurts too much
Every time you and I read the signs
We got it wrong
It's always the same with us
Avoid the crossroads

So where do we go?
'Cause right now we're going nowhere
Are we losing our drive
Cutting corners to find the way?
And how do we know
Is my heart closed or my mind open?
'Cause I don't wanna wait until it's too late
To find, find I'm missing all the green lights

Hit the breaks, give or take
Running out of faith again
It's always the same with us
We take the shortcuts
And if we don't get it right right now
Tell me what's left
How can it be close to us
But not close enough

So where do we go?
'Cause right now we're going nowhere
Are we losing our drive
Cutting corners to find the way?
And how do we know
Is my heart closed or my mind open?
'Cause I don't wanna wait until it's too late
To find, find I'm missing all the green lights
Find I'm missing all the green lights

So where do we go?
Are we losing our drive?
Cutting corners to find our way home
They say fortune favours the bold
And how do we know
Is my heart closed or my mind open?
'Cause I don't wanna wait until it's too late
To find, find I'm missing all the green

Are we missing our green lights?
Are we missing our green lights?
