

# Love You When I'm Drunk

Mika

I had a dream last night  
I slept with someone else  
Does that mean that I cheated on you?  
It was amazing  
And I couldn't stop myself  
Could it be that I really want you?  
What if the things we feel  
Count more than what we do?  
Guess what lover I'm leaving

I don't want to be that guy  
Look you in the face and lie  
But someone has to say it first  
Even if the words may hurt  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk

Don't get me wrong  
Last night, I didn't change my mind  
It was the drink  
It was leaving me blind  
And when I kissed you  
It was such a big mistake  
A couple drinks  
That's the chance that I take  
And if I can't control  
All of the things I do  
I guess I better be leaving

I don't want to be that guy  
Look you in the face and lie  
But someone has to say it first  
Even if the words may hurt

I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk

And I may be a little bit drunk  
But I know what I've got to do  
'Cause when I get a little more sober  
I know I'll be over you

And I may be a little bit drunk  
But I know what I've got to do  
'Cause when I get a little more sober  
I know I'll be over you

I only love you  
I only love you  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk  
I only love you  
I only love you  
I only love you, only love you  
Only love you when I'm drunk
