Tiny Love Reprise

Mika

My name is Michael Holbrook
I was born in 1983
No, I'm not losing my mind
It's just this thing that you do to me

You get me high on a tiny love
You get me high

And if it all goes bad
And our love sets like the sun
I'd give up a hundred thousand loves for just this one

You get me high with a tiny love
You get me high

This tiny love, it might be small
But it's the greatest of them all
This tiny love would disappear
You can't forget that it was here

[Chorus: Joannie Penniman amp; Choir]
We are tiny to the world, but in our hearts
We are giants with our tiny, tiny love
May be tiny to the world, but in our hearts
We are giants with our tiny, tiny love
May be tiny to the world, but in our hearts
We are giants with our tiny, tiny love
May be tiny to the world, but not to us
We are giants with our tiny, tiny love

My name is Paloma
I was born in '81
I live my life, its ups and downs, I had my fun

But now I'm high with a tiny love
I will stay high

And if it all goes bad
And our love sets like the sun
I'd give up a hundred thousand loves
For just this one

And we'll stay high with a tiny love
And we'll stay high
