

## Me And Hayes

Mike And The Moonpies

Willie's been here, they got his picture on the wall  
Of him rollin' one in the bathroom stall  
They really tore it up back in them days  
It was Willie and Waylon, now it's Me and Hayes

When you turn on your radio, we ain't the stars  
And we spend our time in honky tonk bars  
We've all had a beer with Billy Joe  
And we'll all be with Hank one of these days  
Willie and Waylon and Me and Hayes

Here comes some cowgirl, she's all dressed in pink  
And if Waylon were here he'd buy her a drink  
"She loves him in spite of his wicked ways"  
She loves Willie and Waylon and Me and Hayes

When she turns on her radio, we ain't the stars  
And we spend our time in honky tonk bars  
We all want to hang out with Billy Joe  
And we'll all be with Hank one of these days  
Willie and Waylon and Me and Hayes

Yeah we'll all be with Hank one of these days  
Willie and Waylon and Me and Hayes  
Yeah we'll all be with Hank one of these days  
Willie and Waylon and Me and Hayes
