

Pain!

Mike Dimes

Uh, uh

I was in the kitchen, puttin' in work, not dishes
My brother be my only fuckin' witness (Yeah)
Hungry for the riches, work nine to five for a business
But I ain't wanna do it, I was different
Now I want Benzes, skrrtin' off in the newest trend shit
Momma lookin' at me like I'm trippin'
My homies think I'm pimpin' 'til I started peepin' what they peep
Every week I had different bitches
Neck start glisten, next, I'ma get my mouth glisten (Yeah)
Next, I'ma get my wrist glisten, everything glisten
Ting, ting, ting on my body, nigga, I'm tryna look like Christmas
I ball for us all, fuck it, I'ma ball 'til I fall
'Cause I ain't ever had it, now I'm on
These bitches tryna call, they hated on me then, what's wrong?
Money made me weak, now I'm strong, fuck, hell nah
I was in the deep and I walked through the dark
Scary niggas were creepin'
But now, when I step, I make sure niggas see shit
So they can feel the same damn pain I was grievin'
I put that on my gang

Uh (Yeah), pain (Pain, yeah)
Uh (Yeah, ayy), pain (Why you got some pa-a-a-ain)
Uh (Up in your veins?), pain (Pa-a-a-ain)
Uh (Up in your veins), pain

Damn, I came second, I always came second
I never came first, what the fuck is a blessin'? (Yeah)
My body in a hearse while my mind in depression
What they want from a nigga who ain't ever had expressions
People so fucked up, shit, that's why I'm fucked up, shit
I ain't never had it bad with life but never glad with life
I stay that fucked up shit
I never wanted love 'cause everybody gonna die for it
Never wanted trust 'cause everybody gonna lie for it
Never cared for power 'cause I never had the time for it
Never cared for money, everybody homicide for it
Ride for myself, my homies got my back but I ain't never need help
Stay ten toes down without a pistol on my shelf
Ten toes down, if I ever go to Hell
Remain the same through the pain, remain the same 'til my death

Uh (Yeah), pain (Yeah)
Uh (Yeah, that's why I got some), pain (Pa-a-a-ain)
Uh (Up in my veins), pain (I got pa-a-a-ain)
Uh (Up in my veins), pain (Yeah, uh)
Uh (Yeah), pain (Yeah)
Uh (Yeah), pain (That's why I got some pa-a-a-ain)
Uh (Up in my veins), pain (I got pa-a-a-ain)
Uh (Up in my veins), pain

I got pa-a-a-ain up in my veins
I got pa-a-a-ain up in my veins
Why you got some pa-a-a-ain up in your veins?
I got pa-a-a-ain up in your veins, yeah

Yeah, yeah, uh-huh, alright
