

# Forget Love

Mike G

Hey you  
Playing cymbals on your shoes  
I would like to tell the news

We don't know  
That's the blues  
Wanna live  
Pick and choose  
Ginger ale, Absolut  
Off the ledge  
Parachute

Sit you down and give you some time  
Talk a little, look you in the back of your eyes  
Calm you down and make another right  
Take a little time and you're fallin' all night

Hey world  
I've got to let you know  
Take all  
I've rhymed about before  
Let go  
The doubters let them fall  
Yellow  
You're scared, it ain't my fault  
Drive slow

When you just get love  
And never get love  
You'd better let love depart  
I know it's so  
And yet I know  
I can't get you out of my heart

Yeah  
This evening's as phenomenal as the event of us meeting  
The most decent thing you sayin', that you had me at a greeting  
Our first sight is noted as a maiden flight  
Not even worried, what's done in the dark will come to the light  
Cause we move so fast, I hope we make it through tonight  
See, these things cross my mind from time to time  
Your presence is as melodic as making these words rhyme  
I'm falling behind, hoping you will fall in line

Sit you down and give you some time  
Talk a little, look you in the back of your eyes  
Calm you down and make another right  
Take a little time and you're fallin' all night
