

Never Forget It 2

Mike G

Yeah yeah yeah, right
You know what it is
You know how it is
I know how it feels
Nothing last forever
It's a long story im gonna be talking about it for a long time

Heavy sighs after all of your replys
You look me in the eyes like you don't care
Where do we go from here?
Out of all these niggas what make you different?
Aw nah
You can stop callin me
With all these bitches man you got to be kiddin, aw naw
She said I gave you all of me
I ain't wit it and I'm never gon forget it, aw naw

Our arguments turn into mountains
It feel like Mount Everest
Testing the temperature is something you shouldn't ever risk
When you say lying is how you end up with the blues
And cheating that's how you end up on the evening clock news
I need you to slide to the side like side kicks
Or lanes when we switch don wanna catch her in my mix
On any pretense, that'll lead to you becoming alone
Till you become nothing more than words in a phone
So from that point on, they see it all as wrong
Because in that very sense you can be easily deleted
What's wrong is she's always right so I don't really need a reason
To ignore what you've heard I'll give you something to believe in
If we go in the pace you keep in we lose steam by next season
Poetry is what you see but I can't rhyme without a reason
Taking you places they can't go with their per diam
You leave me in the cold say get my weight up or you freezing
But

Heavy sighs after all of your replys
You look me in the eyes like you don't care
Where do we go from here?
Out of all these niggas what make you different?
Aw nah
You can stop callin me
With all these bitches man you got to be kiddin, aw naw
She said I gave you all of me
I ain't wit it and I'm never gon forget it, aw naw

I got some advice and I won't say it twice
Some people only come along once in a life
Time is what you make it
Blinded by my statements
It's gon cost time
Hope we all find something
This ain't valentines or holiday shit
Nor marathon or race shit, or anything to play with
If you drop the gift or the prize you may just break it
And I'd say it as many times as affirmations
I know I opened the lane the Broadway when

I was just Running plays I couldn't stage
Should I stay focused on moments I couldn't change
Or risk memories fading
Missed prior engagements
Missing you is like skipping light of the day
Missing information skipping over a page
Cuz you may get complacent think it's going your way
A Victim of temptation
Leads your vision astray
But you say

Heavy sighs after all of your replys
You look me in the eyes like you don't care
Where do we go from here?
Out of all these niggas what make you different?
Aw nah
You can stop callin me
With all these bitches man you got to be kiddin, aw naw
She said I gave you all of me
I ain't wit it and I'm never gon forget it, aw naw

Right
Hope you take the time to listen
Time to hear it
These are not the Same Old Love Songs
