

Stuck in My Ways

Mike G

Looking for something to say
Fuck it. Today I might throw on my j's
I go hype with the rage
I would spend a night to fight for the stage
Bitches linin up to brighten my days
I like it I guess I'm just stuck in my ways
Day after day. I write the pages
I be shinin I could light up the way
Bitches linin up to brighten my days
I like it I guess I'm just stuck in my ways
I go hype with the rage

I would spend a night to fight for the stage
Bitches linin up to brighten my days
I like it I guess I'm just stuck in my ways
Day after day. I write the pages
I be shinin I could light up the way
Bitches linin up to brighten my days
I like it I guess I'm just stuck in my ways

I ain't got no time to play
Lucky if I give you time of day
Listen closely now they know he
Married to the game never getting cold feet
I get paid off speech so the first thing I went and bought was some gold tee

Gotta Girl made of gold, She
In the middle of my sheets like a Centerfold, She
Know where my tree stash really go though
Shawty know how to keep it lowkey
Wit you and me
Then it's More hope for the dope fiends
Though my lines dope keep ya nose clean
I OD on forest green
Fuck it if you gon ride
Keep the peace tucked next to ya pride
The whip a winner pop up it's a prize
You lucky if you get a glimpse of inside
Know how we ride
Know how we roll I can't skate wit ya uh
Now I gotta play the game like I hate niggas man
Look over my shoulder when the lane switches uhh
I dont like to smoke with no lame bitches nah
They always say goals when we take pictures and
Always shine gold when we take pictures uh
How can we ever see failure
In my presence peasants pale in comparison
And it's evident
How I come clean up the streets like good samaritans
You see me carrying people up with the light like Martians or aliens
Sweet
