I'm a product of, real love
Drinks, and concentrated drugs
Rock star lifestyle. Awake before the sun is up
Run it up, Bow in the presence of a legend

Pay attention, you might even catch it like an interception
Presidential, smoking something that doesn't need an election
You remember me? The man that taught you, you could conquer any

Speed in the coupe, it's Sonic blue
Running through the spinning rings
Concentrate on how you breath, So good I could fly through tree
s...
Now don't even speak to me
Just informally, (bow bow) like you Japanese
I can take you to the top of every single mountain peek

I'm a fiend, I feel I could defeat a whole team
Bow in the presence of a king
California dream, 2016 James Dean
