

Higher

Mike Mago

I'm more then the man that I was like before
Finally starting to see
It feels more amazing the deeper we go
As long as you here I'm free

When the moon comes out
Or the sun starts shinin'
Will you be the one
That I confide in
Will you be the one
That I confide in

Unknown but it feels so right
Just take me to the other side
Don't know but it feels so right
So right, so right

You take me
Higher
Higher
Higher
Give me all the love I need
Higher
Higher
Higher
Take me where it's you and me
Higher
Hoo hoo
Higher
Hoo hoo
Higher
Give me all the love I need
Higher
Hoo hoo
Higher
Hoo hoo
Higher
Take me where It's you and me

I'm more then the man that I was before
I'll give you all of me if you keep me afloat
Don't take me anywhere else
Don't take me anywhere else
Don't take me anywhere else oh no

You take me
Higher
Higher
Higher
Give me all the love I need
Higher
Higher
Higher
Take me where it's you and me
Higher
Hoo hoo
Higher

Hoo hoo
Higher
Give me all the love I need
Higher
Hoo hoo
Higher
Hoo hoo
Higher
Take me where it's you and me

When the moon comes out
Or the sun starts shinin'
Will you be the one
That I confide in

Unknown but it feels so right
Just take me to the other side
Don't know but it feels so right
So right, so right

You take me
Higher
Higher
Higher
Give me all the love I need
Higher
Higher
Higher
Take me where it's you and me
Higher
Hoo hoo
Higher
Hoo hoo
Higher
Give me all the love I need
Higher
Hoo hoo
Higher
Hoo hoo
Higher
Take me where it's you and me
