

Wake Up

Mike Mago

At night I find it hard to sleep
With nothing to do
I want you here by my side
If you say its true

Wake up to me
Wake up to me
Wake up to me
Wake up to me

Why can't you see the light
Do that for me now
I want you here by my side
And I'll guarantee you'll stay
And one day I'll be up bright
So you can

Wake up to me
Wake up to me
Wake up to me
Wake up to me

Wake up to me
Wake up to me
Wake up to me
Wake up to me

At night I find it hard to sleep
With nothing to do
I want you here by my side
If you say its true

Wake up to me
Wake up to me
Wake up to me
Wake up to me

Why can't you see the light
Do that for me now
I want you here by my side
And I'll guarantee you'll stay
And one day I'll be up bright
So you can

Wake up to me
Wake up to me
Wake up to me
Wake up to me

Wake up to me
Wake up to me
Wake up to me
Wake up to me

At night I find it hard to sleep
With nothing to do
I want you here by my side

If you say its true

Wake up to me

Wake up to me

Wake up to me

Wake up to me
