

# Zombies

Mike Oldfield

Silence in the air  
Is anybody there  
Searching every sound  
Walking unquiet ground

Zombie's are out to get you  
Hiding in shadows with poison arrows  
Zombie's are out to break you  
Hiding in shadows with poison arrows

When are you gonna break  
Watching every move you make  
And everything you do  
Evil eyes will be on you

Zombie's are out to get you  
Hiding in shadows with poison arrows  
Zombie's are out to break you  
Hiding in shadows with poison arrows

Don't give in, don't come any closer, no sir  
Keep running, don't come any closer, no sir

Don't come any closer, no sir  
Keep running, don't come any closer, no sir

What you gonna do  
Time is running out on you  
Anywhere you choose  
No way you're going lose

Zombies's are out to get you  
Hiding in shadows with poison arrows  
Zombies's are out to break you  
Hiding in shadows with poison arrows

Zombies's are out to get you
