

# Dark Night Of My Soul

Mike Patton

I suspect there's nothing left of  
What I always said  
Would always be there

I've a sense that ever since  
I was young  
I was borrowing air

Is this the dead end of the road  
Is this the bottom of a hole  
Is this the dark night of my soul

Is this the dark night of my soul  
Is this the dark night of my soul

I wanna hurt somebody  
Just to let somebody know  
The way I'm feeling

I've been taking time to get well  
All alone but parts of me  
Aren't healing  
Aren't healing

Is this the dead end of the road  
Is this the bottom of a hole  
Is this the dark night of my soul

Is this the dark night of my soul  
Is this the dark night of my soul

I am seeing now I can't believe  
Just how naive  
I was to try it

I used to say that beauty  
Was in everything  
But now I just don't buy it  
I just don't buy it  
Is this the dead end of the road  
Is this the bottom of a hole  
Is this the dark night of my soul

Is this the dark night of my soul  
Is this the dark night of my soul
