

# Is It Just Me?

Mike Posner

Every time I'm next to you  
I see pink and royal blue  
Every time I got you close  
I feel like I took a dose

I never felt this way before  
Like I known you from way before  
You're the one that I've been waiting for  
I'm with you till I'm 84

And then some  
My head spun  
You light me up like 10 suns  
I'd give your ass like 10 suns baby

Is it just me?  
I feel like I'm tripping out  
Everything is different now  
This is crazy  
Or is it just me?  
'Cause I can feel it kicking in  
Take you back to Michigan  
Meet the family  
Or is it just me?

I'm not crazy  
I'm just out of my mind  
Is it just me?  
I'm not crazy  
I'm just out of my mind

When I got you in my arms  
Galaxies and shooting stars  
Every time I touch your lips  
I feel like I'm on a trip  
Yeah

I swear you're like my medicine  
You got me out my head again  
I feel you in my skeleton  
Let me meet all your relatives  
You shine, girl  
You're glistening  
You sweet, girl  
You're cinnamon  
Unique, girl  
You're different, baby

Is it just me?  
I feel like I'm tripping out  
Everything is different now  
This is crazy  
Or is it just me?  
'Cause I can feel it kicking in  
Take you back to Michigan  
Meet the family  
Or is it just me?

I'm not crazy  
I'm just out of my mind  
Is it just me?  
I'm not crazy  
I'm just out of my mind

Life was so difficult  
I was so cynical  
You are my anecdote

Life was so difficult  
I was so cynical  
You are my anecdote

Is it just me?  
I feel like I'm tripping out  
Everything is different now  
This is crazy  
Or is it just me?  
'Cause I can feel it kicking in  
Take you back to Michigan  
Meet the family

Is it just me?  
I'm not crazy  
I'm just out of my mind  
Is it just me?  
I'm not crazy  
I'm just out of my mind
