

# Rocket Man (Fly To This)

Mike Posner

She packed my bags last night pre-flight  
Zero hours, nine AM  
And I'm gonna be high as a kite by then  
I miss the earth so much I miss my wife  
It's lonely out in space  
On such a timeless flight  
But nobody home gon' remember my name

I think it's gonna be a long long time  
'Til touch down brings me 'round again to find  
I'm not the man they think I am at home  
Oh no no no  
I'm a rocket man

And all this science I don't understand  
It's just my job five days a week  
You don't wanna be high  
High like me

I think it's gonna be a long long time  
'Til touch down brings me 'round again to find  
I'm not the man they think I am at home  
Oh no no no I'm a rocket man

Eh, eh I'm a rocket man  
Yeah I'm a rocket man  
I'm a rocket man

Houston we got some problems  
I don't know how your boy gonna solve them  
The command center just won't link  
And the comm. set's down I don't know what to think  
Happen in a blink, sorta like the Big Bang  
How can something so small turn into a big thang  
One small move turn in to a big chain  
No bass, no treble, all mid range  
And it seems so strange, but it all makes sense  
My back against the wall, end-up behind the fence  
Situations always get so tense  
And I just want us to still be friends  
But we just argue, fuss and fight  
And we scream and yell and we cuss all night  
And it seems that we're always so uptight  
Think that it's time that I book this flight  
Took all my might but I feel so weak  
So much to say but I just can't speak  
Gotta be done but it kill me to do it  
Came as a surprise, but we always knew it  
So I'm taking this trip, no plane no car  
Might be close and it might be far  
But later than soon, when you look up at the moon  
I'll be next to it shining like a star

I think it's gonna be a long long time  
'Til touch down brings me 'round again to find  
I'm not the man they think I am at home  
Oh no no no I'm a rocket man
