Mike Posner

Damn baby, you're sexy!  
What you're scared for?  
You think that I'm gonna find out  
You wanna say something?  
I ain't gonna tell him myself  
Ha, oh man, baby we're grown, feel me

I hear first night, she's worried, I think that she's a groupie  
But I know I'm still probably gonna take her to the movies  
I find myself in another delicate situation  
Cause I can't date you we can't talk about it, I'm at the holiday inn

Oh, and if you don't tell your girlfriends  
Then I won't tell the crew  
No one has to know about the crazy shit we do  
I can keep on the low, girl  
I don't kiss and tell  
No one has to know about,  
What goes on in this hotel.  
I won't tell a soul!

She's mad at me, cause I forgot to call her on her birthday  
But I've been running round, what makes you wanna fuck me in the first  
Place?  
But I don't like you, enough to think 'bout making you my lady  
I only call you when I'm in town I know that drives you crazy

Oh, and if you don't tell your girlfriends  
Then I won't tell the crew  
No one has to know about the crazy shit we do  
I can keep on the low, girl  
I don't kiss and tell  
No one has to know about,  
What goes on in this hotel.  
I won't tell a soul!  
(what you mean to:  
I don't even watch television)  
I won't tell a soul!  
And I don't own a telescope  
You feel me?

I got this girl I met in kansas  
Originally from witchita  
She say she's from the country so I pulled up bumpin' Tim Mcgraw  
I got a few dollars in my budget  
Uh, so I scooped her in the rental car  
Yeah, I took her back to the w  
Reached inside the mini bar  
And poured us both a cup of goose  
Then I rolled up, like a rubber do  
First I lay you on the bed  
Then I coco butter you  
Then we do what lovers do  
On top of the covers, ooh!  
Damn, girl you're sexy!  
You gonna make me baby mother you  
Then she said, what am I gonna tell my friends?

And this is what I told her, before I put it in!

If you don't tell your girlfriends  
Then I won't tell the crew  
No one has to know about the crazy shit we do!  
I can keep on the low, girl  
I don't kiss and tell  
No one has to know about,  
What goes on in this hotel.  
I won't tell a soul!
