

Bad Reputation

Mike Ryan

Another night in another bed
Nothing new to me
Another woman that I just met
Another night in another bed
Nothing new to me
Another woman that I just met
Is finally falling asleep

Well this is when I should be sneakin out
Making my get away
But lying here looking at her now
I just wanna stay

I never saw it coming
I thought it'd be nothing
But it's nothing like I've ever had
What the hell am I doing
If I don't leave soon
I'm gonna ruin my bad reputation

There are girls all over town
I don't wanna run into
And all the rumors they're spreading around
Well most of them are true

There was something about last night
That I don't want to end
If I leave without saying goodbye I'm scared I'll never see her again

Oh I never saw it coming
I thought it'd be nothing
But it's nothing like I've ever had
What the hell am I doing
If I don't leave soon
I'm gonna ruin my bad reputation

Now the suns coming through those blinds
And she's waking up next to me
There's a chance when I look in her eyes
She can change everything

I never saw it coming
I thought it'd be nothing
But it's nothing like I've ever had
What the hell am I doing
If I don't leave soon
I'm gonna ruin my bad reputation
