

## Girls I Date

Mike Ryan

I don't own no three piece suit  
Some old jeans and a new pair of of boots  
A clean shirt, that's dressing up for me

I don't own no new Cadillac  
I drive an truck with a dog in the back  
I got 'em both back in 2003

Got an old guitar I learned how to play  
I ain't Merle Haggard and I ain't George Strait  
But I'm close enough for the girls I date

Six Pack and a box of red wine  
Barbeque and a bag of pork rinds  
A can of worms and two fishin' poles

Lakeside with the tailgate down  
Nobody for miles around  
We'll jump in if it ain't too cold

Some girls will probably say  
That's not romantic, we'll maybe it ain't  
But it's close enough for the girls I date

I'm just an ordinary southern man  
Nobody's gonna change me cause I am what I am  
I wanna find a girl that'll settle down some day  
But that's still a few years away  
And that's close enough for the girls I date

She might be a blonde or brunette  
Not sure cause I ain't found her yet  
There's one thing I know  
We're gonna live in the woods  
No neighbors no neighborhood  
Dead end of an old dirt road

It may not sound like prime real estate  
'Cause the towns thirty miles away  
But that's close enough for the girls I date

I'm just an ordinary southern man  
Nobody's gonna change me 'cause I am what I am  
I wanna find a girl that'll settle down some day  
But that's still a few years away  
That's close enough for the girls I date

Close enough for the girls I date
