

# I Was Wrong

Mike Ryan

Figured a double wide dive like this  
Wouldn't have my favorite beer on the list  
Let alone serving it up in a frosty mug  
Thinkin I'd have one or two and sit all alone in that corner booth  
And I'd be long gone before my friends showed up

But I was wrong  
Damn right I was wrong  
Last night I started a tab started throwing em back stayed out  
till the crack of dawn  
Yeah I was wrong 100% dead wrong  
I was thinking I'd have a few and just go home but it turns out  
I was wrong

I really thought I'd had a chance with a little brunette I asked to dance  
Pulled her in and spun her around and I leaned her back  
But apparently her ex boyfriend didn't like that much so he cut in  
And I said to myself I'm bout to whip his ass

But I was wrong damn right I was wrong  
Cause he's about 6 foot 5  
Played defensive line for some JUCO  
School back home  
Yeah I was wrong 100% dead wrong  
I thought I'd land a few and hold my own but it turns out I was wrong

When I came to I found someone else  
She was tons of fun and hot as hell  
We closed it down and walked out to the parking lot  
When I woke up I swore there'd be an angel there in bed with me  
She rolled over and smiled and I said "oh my god"

Cause I was wrong last night  
Damn right I was wrong  
She looked like she took a leap off the ugly tree and hit every branch head on  
Yeah I was wrong 100% dead wrong  
I really thought I'd brought a dime piece home but I was wrong

I was hoping I'd just stop by after work  
Have a couple of drinks nobody get hurt  
And I'd wake up alone but I was wrong
