

Like I Don't

Mike Ryan

Tick-tock on the wall, man I
Wish I could turn it off like that
Ligth switch that you hit
Baby get in this bed
Wanna get all over you
I got you all over me
You know the sun's gonna come up
And I'm gonna have to leave
But tonight I'm gonna love you

Like I don't
Ever have to let you go
Don't have to pick my jeans up off the floor
Don't have to grab my keys, walk out the door
Say goodbye one more time
Girl tonight I'm gonna love you like I don't

Long hair, let it fall baby
Let me take it all in
Put your skin on mine
Keep reminding me why
I love you like I do
Girl tonight I'm gonna love you

Like I don't
Ever have to let you go
Don't have to pick my jeans up off the floor
Don't have to grab my keys, walk out the door
Say goodbye one more time
Girl tonight I wanna love you like I don't

Let your fingers move slow
Like I got nowhere to go
Even though you know I do
Girl tonight I'm gonna love you

Like I don't, hmm
Ever have to let you go
Don't have to pick my jeans up off the floor
Don't have to grab my keys, walk out the door
Say goodbye one more time
Girl tonight I'm gonna love you like I don't
Don't
