

One Way

Mike Ryan

I called up an old friend of mine
Just to ask her how she's doing
She must've changed her number
I guess it's for the best

Ain't it funny how it used to be
Used to be so right
All it was was a slow kiss
And a fast car on Friday night
And everything's that's a memory
Was lost on yesterday
And time is a river
It only runs one way

She was my first everything
Oh and even then I knew it
Guess I'll always thought
She'd come back around

Ain't it funny how it used to be
Used to be so right
All it was was a slow kiss
And a fast car on Friday night
And everything's that's a memory
Was lost on yesterday
And time is a river
It only runs one way

Everybody knows things change
But they don't want it to
Nobody wants it to
I don't want it to

Ain't it funny how it used to be
Used to be so right
All it was was a slow kiss
And a fast car on Friday night
And everything's that's a memory
Was lost on yesterday
And time is a river
It only runs one way
It only runs one way
It only runs one way
