

# Only All The Time

Mike Ryan

I don'  
I need a glass of wine or have to have a cigarette to remember  
that night, I ain'  
I over it yet  
I don'  
I have to pass some girl wearing your old perfume, to make me catch  
my breath and think about you  
There'  
S no certain song that makes your memory come alive  
The only time you cross my mind; is only all the time, only everyday, only every night, only always  
I can still feel your touch, under my skin, I want you girl, like I should'  
Ve back then, only all the time  
I don'  
I need to relive  
Everytime that we kissed  
To know that feeling I had was a personal best

I know I'  
M a fool for ever losing your love  
But I don'  
I think about that much  
But only all the time  
Only everyday, only every night, only always  
I can still feel your touch, under my skin, I want you girl, like I should'  
Ve back then, only all the time

I know I'  
M a fool for ever losing your love  
But I don'  
I think about that much  
Only all the time, only everyday, only every night, only always  
I can still feel your touch, under my skin, I want you girl, like I should'  
Ve back then, only all the time  
Only all the time  
Only all the time  
All the time

I don'  
I need a glass of wine, or have to have a cigarette
