

## best man

Mike Stud

It's your best friend, go best friend  
Got your hand in the air like you got questions  
You ain't see no wedding ring but I'm the best man  
I'm the best man for you

And she know that I need  
She gon' retrieve it yeah  
Switch up on you like the motherfucking seasons  
She don't need a reason yeah  
Took a pill to sleep yeah you know I got my reasons  
Went to put my head on your shoulder it was freezing  
Told me all the secrets 'cause she know that I would keep it  
Knew that I would keep 'em yeah yeah

Shawty got the best of me  
So you gon' get the rest of me  
Shawty got the best of me  
But I gotta do what's best for me

Go best friend, go best friend  
'Bout to turn your ass around like a dead end  
And you ain't see no wedding ring but I'm the best man  
Imma fuck you like we fucking on the death bed

With your hair done and your head right  
If you going then you going with your head high  
Got Cartier frames over red eyes  
Yeah I'm on that red-eye for ya

Yeah, I'm ambidextrous  
It wasn't right I left it  
I got a girl in Texas  
She got a girl in Texas  
I treat this shit like Tetris  
Shit we all connected yeah

Called a second we all gone somewhere in the wind  
Got a second crib and you know if I did, I did it big  
Call a couple friends, make a girls trip out of it  
You know what I'm saying, you know what we on

Go best friend, go best friend  
'Bout to turn your ass around like a dead end  
You ain't see no wedding ring but I'm the best man  
I'm the best man for you

Shawty got the best of me  
So you gon' get the rest of me  
Shawty got the best of me  
Yeah, whoa whoa

It's your best friend, go best friend  
Got your hand in the air like you got questions  
You ain't see no wedding ring but I'm the best man  
I'm the best man for you

Shawty got the best of me

So you gon' get the rest of me  
This is what I didn't want it to be  
But I gotta do what's best for me

Yeah, I'm ambidextrous  
It wasn't right I left it  
I got a girl in Texas  
She got a girl in Texas  
I treat this shit like Tetris  
I know it's all connected
