

boyfriend jeans

Mike Stud

She's running out of reasons to get out of the house
She's sick and tired of the couch
She knows exactly what I'm about
We're running out of time before he gets off his shift
You working me like I'm him
But that don't mean that I'm him, baby
We're on the kitchen counter, now we right on the floor
And the only time it's sour when the sour is rolled
I never want to step on anybody's toes
That doesn't mean that I don't, that doesn't mean that I won't

In her boyfriend jeans (Yeah)
She takes them off like they belong to me (Yeah)
She wears them out 'cause she goes home to him
No wonder why she never wakes up next to me (Oh yeah)

As long as I'm on this side of it (Oh yeah)
As long as I'm on this side (On this side)
As long as I'm on this side of it (Oh yeah)
As long as I'm on this side

There's plenty fishes in the sea
Lately I feel like they're swimming to me (Yeah)
I got a crib on the sea, you should see
Schedule open, she throw it to me (Me)
I got a smoke if you want it with me
He don't wanna nothing with me
She been swimming in her boyfriend's jeans, but they don't belong to me
Even though I never can be your boyfriend, I take them off (I take them off)
That's just the difference between me and your boyfriend, I got the sauce (You like that sauce)
I been in the same shoes as your boyfriend, I took them off
I been in the same shoes as your boyfriend, I ain't never going back again

In her boyfriend's jeans
She takes them off like they belong to me (Yeah)
I wear her out, but I know home's with him (Yeah)
No wonder why she never wakes up next to me
In her boyfriend's jeans
Take them off, put them on again when it's time to go home
In them boyfriend jeans, swimming around in them joints again
They never too hard to get off (That's facts)
I got her manicure on my shoulder, matches the red on your toes
Eat me up like some breakfast
Then you go make him breakfast
I know he right beside you, so I ain't sending no text to you
Yeah, he's in the bed with you, but I'm in your head (Oh yeah)

As long as I'm on this side of it (I been on that side of this shit)
This side of it
As long as I'm in this side of it (Oh yeah)
